

# Beechbrae Woodland Space

Beechbrae was born out of a dream to live more sustainably and tread lightly on the resources we have. We are a woodland charity and social enterprise based in woodland with paths, ponds, food growing areas and an orchard in Blackridge, West Lothian.

We are looking for ways to make the woodland and charity more resilient and generate income and are developing a beautiful flexible indoor/outdoor facility with toilets & showers on the train line between Edinburgh and Glasgow. This multifunctional space could host a variety of activities and uses (catering kitchen, various meeting rooms, office space, toilets & showers).

Here are a few images to give you a taste of what the space could look like and be used.

If you have any questions or would like more information please feel free to get in touch with us. Thank you in advance for your time helping with our survey.
